1621 ADMINISTRATIVE INTERNSHIPS

A program of administrative internships may be established under which members of the professional staff shall be eligible to act as temporary assistants to members of the administrative staff.

The purposes of the program shall be:

1. To provide specific administrative services which have been clearly recognized as desirable for the improvement of the school systems.
2. To promote among the staff a better understanding of the functions performed by the various departments of the school system.
3. To develop administrative ability among staff members who have a potential for an interest in school administration.

The program shall be designed to:

1. Be one part of the total plan of growth opportunities for the professional staff.
2. Select the best qualified applicants.
3. Operate without harm to other functions of the school system.
