LENDING OF SCHOOL OWNED EQUIPMENT

The Board believes that district owned equipment is a valuable resource which may be loaned for community use under certain conditions provided that such use does not interfere with the educational program of the schools.

The Board may lend specific items of equipment on the written request of the user and approval granted by the Superintendent when such equipment is unobtainable elsewhere.

When equipment authorized for loan requires the services of an operator, the user shall employ the services of a person designated by the district and shall pay such costs as have been set for his hire.

The user of district owned equipment shall be fully liable for any damage or loss occurring to the equipment during the period of its use. He shall be responsible for its safe return.

Removal of school equipment from school property for personal use is prohibited.
