

## CONCURRENT ENROLLMENT - STEM

High Point has partnered with Sussex County Community College (SCCC), the New Jersey Institute of Technology (NJIT), and Ramapo College of New Jersey to offer concurrent enrollment courses for students in select courses. Students who enroll in courses that are affiliated with the aforementioned colleges/universities are responsible for tuition if they choose to receive college credit for the course. Our teachers have been approved by the respective colleges to teach these courses, and students do not have to attend these colleges in order to have the credits count towards a future degree. College credits earned through this program are listed on an official college transcript and may be applied toward an undergraduate degree at the affiliated institution or other colleges or universities as per their policies. Students should consult the universities they plan to attend to determine the applicability of specific courses to their program(s) of study.

CONCURRENT ENROLLMENT COURSES IN STEM ( <i>Classes in Italics Pending Approval for 19-20</i> )					
HP Course	Gr.	Affiliation	Course Name/ # Credits	Tuition*	Notes
Accounting 1/Accounting 2	10-12	Ramapo	ACCT221 - Principles of Financial Accounting - 4 credits	\$119/Credit

## INDUSTRY CERTIFICATIONS

High Point Regional High School provides students with the opportunity to earn Nationally Recognized Industry Certifications in a variety of courses. Students are provided with extensive in class training and the convenience of taking the assessments on-campus. High Point, through feedback with industry leaders, our staff, and our alumni, prioritizes the importance of our students graduating with these important credentials.

High Point courses in this Program of Study which provide an opportunity for students to earn Industry Certification will be represented with the logo pictured to the right.

INDUSTRY CERTIFICATIONS	
Certification	High Point Course
Microsoft Technology Associate	AP Computer Science Principles
Microsoft Office	Computer Concepts and Applications
Entrepreneurship and Small Business	Entrepreneurship
Video Production 1 and 2	Media Technology 2
Television Production	Media Technology 3
Social Media Marketing	Media Technology 4
Autodesk Certified User - Inventor	Engineering Graphics
Autodesk Certified Professional - Inventor	Advanced Engineering Graphics
Autodesk Certified User-Revit	Architecture 3
Autodesk Certified Professional - Revit	Architecture 4
Unity	Video Game Design
OSHA	Advanced Construction and Manufacturing
