Technology	5
STEM (Five additional credits in Science, Technology, Engineering, Math)	5
Financial Literacy	2.5
Students must earn a total of 135 credits to graduate, enrolling in at least 35 credits each year.	

To prepare for your scheduling session, please complete the front of this sheet keeping the following in mind:

- You will schedule a total of 8 periods.
- We will use the supplied recommendations when selecting your English, History, Math and Science levels.
- All students take Physical Education/Health.
- We recommend you take Spanish or French starting freshman year.
- Please fill your two or three remaining periods from the elective options provided on this sheet.
- Please select at least three alternate electives and record them on the lines provided. Please choose classes you are interested in taking, as they may be used in the event your schedules need to be adjusted.
- **Preliminary** schedules will be available on the Student Genesis portal in August. Final copies of your schedule will be provided on Freshman Orientation or on the first day of school. *(Your class periods may change without notice over the summer).
- Students enrolled in Honors and Advanced Placement courses have summer homework. Assignments will be available at www.hpregonal.org in June.
- Extracurricular and Athletic Eligibility: All freshmen are initially eligible to participate in the Fall and Winter activities. Eligibility is reviewed at the end of the first semester at which times students must have passing averages in classes totaling 30 credits to participate in spring activities and athletics.
