Re: Midterm Assessments
Date: January 7, 2020

Dear Students,

Happy New Year and Welcome Back!

In a little more than two weeks (Thursday, January 16) we will begin midterm assessments. The purpose of these assessments is to challenge students to demonstrate how well they have mastered certain skills and learned key concepts over the course of the past semester. The assessments are also intended to prepare students for success on similar assessments in college.

Our **Midterm Assessment Schedule** is attached.

School Closings During Exams: If we need to close unexpectedly on an exam day, the exam schedule will move forward so that when we return to school we will follow the schedule for the day which was cancelled. For example, if school closes on Tuesday, January 21, when we reopen we will follow the schedule from Tuesday, January 21 (test periods 5 and 6). If a severe storm hits, and we happen to also close on Wednesday, January 22, we will still follow the schedule for Tuesday, January 21 when we return to school.

Delayed Openings During Exams: If we have a delayed opening, the two exams scheduled for that day will still take place. If we have a delayed opening on a day which had been scheduled for an early dismissal, we will still have exams, and we will dismiss at 2:27 p.m.

Please let me know if have any questions, and best of luck on your midterms!

Sincerely,

A handwritten signature in black ink that reads "Mr. Campbell".
