May 22, 2020

Dear Montague Community,

In our continued efforts to maintain open lines of communication, and to further enhance the relationship between our school districts, the High Point Regional High School Board of Education has created the position of Board Liaison. The High Point BOE member who will serve in this capacity, as selected by the High Point Board members, will attend Montague Board meetings so as to enhance our communication and Board interaction.

The Board Liaison position is a step in our continued commitment to the Montague community and to the Montague School District. We believe that our communities are stronger together and that with active and open communication, we can better function as a team for the success of our students. The High Point Regional High School Board has chosen Ms. LeeAnn Smith as our first Board Liaison; we believe she will be an asset in the achievement of our mutual goals. Should you have any questions or concerns, please reach out via email to Ms. Smith: LSmith@hpregional.org. I know that both Ms. Smith and the High Point Board look forward to working toward a collegial relationship.

Sincerely,

Scott D. Ripley, Ed.D.
Superintendent
