

HIGH POINT REGIONAL HIGH SCHOOL

FACULTY/STAFF HIGHLIGHTS:

October 2016:

MAKER FEST Connects Students with Alumni and Community!

MR. ALEX GONZALEZ, MR. PAUL CARDINAL, MR. STEVE PELTIER and MR. MATT GARRERA recently led a group of High Point students as they participated in the first annual Sussex County Maker Fest hosted by Ideal Farms located at Ross' Corner in Lafayette, NJ.

Maker Fest was established by Mr. Ben Jorritsma from Ideal Farms. Ben is a High Point graduate who was quite passionate about Biofuel and Technology when he was at High Point, and his passion has continued to grow ever since.

Mr. Ben Jorritsma presenting on Biofuel

The event brought together STEM enthusiasts from around the Garden State. High Point Technology teachers and their students created exhibits which featured:

- 3D printed parts from CADD classes.
- Wooden toys from Materials II toy drive.
- Quarter Copters from Power Engineering classes.
- LED Signs from Engineering classes.
