## 5350 STUDENT SUICIDE PREVENTION

The following regulations are established for guidance of staff members in recognizing the student who contemplates suicide, in responding to threatened or attempted suicide, and in preventing contagion when a student commits suicide. Because a prompt response may be essential to a student's life, the designation of a district position in these regulations includes the person who holds that position and, if the position holder is absent or unavailable, the person temporarily charged with the responsibilities of the position.

### A. Recognition of potential suicide

All school personnel, both teaching staff members and support staff members, shall be alert to any sign that a student may be contemplating suicide. Such signs include, but are not necessarily limited to, a student's:

1. Overt suggestion, regardless of its context, that he or she is considering or has considered suicide or has worked out the details of a suicide attempt;
2. Self-mutilation;
3. Obsession with death or afterlife;
4. Possession of a weapon or other means of suicide or obsession with such means;
5. Sense of hopelessness or unrelieved sadness;
6. Lethargy or despondency, or, conversely, a tendency to become more impulsive or aggressive than usual;
7. Drop in academic achievement, slacking off of energy and effort, or inability to focus on studies;

  15. Involvement in an unhealthy, destructive, or abusive relationship;  
and
  16. Depression due to being a victim/target of harassment, intimidation, bullying or mistreatment by others.
- B. Response to the Warning Signs of Suicide
1. Any indication of a potential suicide, whether personally witnessed or received by report from another, must be taken seriously and must be immediately reported to the Principal or designee. Upon receiving such report, the Principal will ensure the student is supervised by school staff member until a preliminary assessment of the risk is determined.
  2. The Principal or designee shall immediately contact the parent(s) of the student exhibiting warning signs of suicide to inform the parents that the student will be referred to the Child Study Team or a Suicide Intervention Team for a preliminary assessment in accordance with C. below.
  3. If the threat of suicide is immediate and serious, the Principal will contact local law enforcement and the Superintendent of Schools.

The written medical clearance may be reviewed by a Board of Education healthcare professional before the student is permitted to return to school.
