

FAQ	SCCC	NJIT	Syracuse
What is concurrent enrollment?	A partnership between High Point and colleges that offer qualified students the opportunity to earn college credits.		
How are concurrent enrollment courses different than AP courses?	College credits are not dependent upon the AP Test Score, but on the students final class average.		
In what High Point courses are students eligible to receive Concurrent Enrollment?	Digital Photography, Web Page Design, Pre-Calculus, Calculus, AP Physics 1, 2, C, Behavioral Science A & Honors	CADD 3: Engineering Graphics	Economics of Personal Finance
	Anatomy and Physiology Honors, AP Physics 1, 2, C, Pre-Calculus Honors, Sociology, Spanish 3, Media 4	CADD 4: Adv. Engineering Graphics	Introduction to the Analysis of Public Policy
	College Math, AP Macro and Micro Economics	Calculus 3	
What is the registration process?	Coordinated through Kristen Jaccodine	Coordinated through Brian Drelick, eligible students will receive a summer mailing via US Mail and student email in early August	Students must register online at pass.supa.syr.edu. The application form must then be printed and signed by both the student and parent, and returned to High Point.
When is the registration deadline?	Fall Semester - September 20th - Spring Semester TBD	Fall	Fall
		Spring	
What is the cost per credit?	\$225 per course	\$150/credit	\$112 / credit hour
How do I pay?	Checks are made payable to SCCC and are submitted with the registration form.	Students will be invoiced in mid-September. Checks will be made out to High Point Regional High School. Payment is due in early October.	Students pay Syracuse University directly via pass.supa.syr.edu. No money is collected by High Point.
Is a screening test required?	Yes or use of SAT scores.	No	Depending on class
Do I have to attend this school?	No	No	No
What is the benefit of concurrent enrollment?	The opportunity to earn college credits at an inexpensive rate and without stepping foot on the campus. Although it will vary college to college (four year colleges), CEP offers students an opportunity to get a jump start on their college course work, affording them the opportunity to bypass a class(es) or perhaps have the opportunity to qualify for college specific privileges (register earlier for classes than other freshmen or select housing sooner than your peers).	The Options for Advanced Academic Achievement program provides an opportunity for qualified high school students from partner schools to earn college-credits at their school during the academic year. These courses are taught by high school teachers who have been certified by NJIT as adjunct faculty members in the related NJIT departments. They teach college-credit courses as part of their regular responsibilities at their school.	Syracuse University Project Advance (SUPA) is an enhanced concurrent enrollment program linking Syracuse University with secondary schools. Through this partnership, high schools can offer qualified seniors the opportunity to enroll in SU courses for university credit. Teachers who have qualified through SUPA as SU adjunct instructors teach enhanced concurrent enrollment university courses in high schools during the school day.
What grade do I need to receive?	Current average of 75 or higher to register for Spring Courses. A final average of 80 to earn college credit.	A final average of 80 to earn college credit.	Varies by course, generally a "C" or better.
How do I sign up to participate?	Complete and submit SCCC's application and then complete any required testing	Through your teacher and STEM Supervisor, Brian Drelick	Through your teacher and Academic Supervisors
Will my credits be transferable to a 4 year college?	This will depend on the college and in some cases, your individual major. Students are encouraged to ask	This will depend on the college and in some cases, your individual major. Students are encouraged to ask	This will depend on the college and in some cases, your individual major. Students are encouraged to ask

	college admissions representatives whether CEP credits are accepted.		
Is there additional work in the class I am currently taking?	Usually, no. In Behavioral Science Academic and Sociology, there may be some additional work.	The work load is comparable to any other course taught at this level.	The curriculum matches what students would receive in the same class at Syracuse.
What is the latest date I can drop concurrent enrollment?	CEP courses cannot be dropped during the course of the semester. Students can choose to not enroll for the second semester.		Please view registrar's calendar - https://www.syracuse.edu/academics/calendars/academic-year/
Will I need additional materials to complete the course?	No.	No.	No.
Can I enroll in the Spring?	Yes, for certain classes.	No.	Yes, for certain classes.
Will I need to take a final exam?	Yes, depending on the course.	Yes, the same exam administered to NJIT students.	Yes, depending on the course.
