2011-2012

Maschio's Food Services is pleased to provide catering services for special events throughout the school year. Our company has the resources to cater any special event provided it does not interfere with our primary goal of feeding the students.

Special events should be arranged preferably ten days in advance. To arrange for a catered function, please fill out a "Catering Request Form" available in the school office or from the Food Service Director.

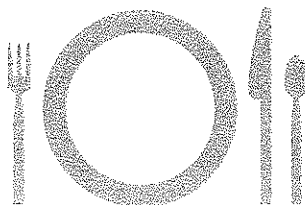

All pricing in this booklet is based on standard disposable supplies and necessary labor during scheduled school days. Any catering occurring at times other than school hours will have additional labor costs. Please see the Area Supervisor for specific labor costs.

This booklet contains prices and suggested menus to assist you in planning for catering. If none of the suggestions meets your needs, the Area Supervisor or our Executive Chef will be happy to assist you in preparing a special menu for any occasion.
