August, 2020

The Board of Education has purchased an accident policy on all students covering them for all interscholastic sports and school time activities. This program is written on what is referred to as an "EXCESS MEDICAL BASIS". This means that in the event of an accident, you would submit the bills to your individual health insurance carrier i.e. Blue Cross/Blue Shield, Prudential, and whatever they pay is primary. Anything that is not paid by your personal coverage would be submitted to the school's insurance carrier, Bollinger, and the balance will be assumed on a reasonable and customary payment basis subject to the terms and conditions of the policy language.

The program is written in this manner to provide protection at the lowest possible cost for the entire student body and is in effect with a company with excellent service and reputation.

The key to a smooth and cooperative effort on the part of all concerned is the prompt filing of a claim form, which is obtainable at the nurse's office. In the event of an injury all claims must be reported to Bollinger within 90 days of the accident. In the past years our main problem has arisen when the claim forms are picked up by the students and never taken home to be signed by the parent. I am sure you realize the necessity of promptly reporting these claims and accidents to the nurse's office and filing the claim form. This will expedite payment to both the parent, for out of pocket expenses, and to the attending physician avoiding any long delays and misunderstanding.

Additional twenty-four hour "parental purchased" accident coverage, dental plan or life insurance is available through the Bollinger Inc. website. Parents may visit the website www.bollingerschools.com to research and or purchase this 24 hour coverage and all claim forms are available on the website.

Thank you for your anticipated cooperation in the coming year. In the event there are any questions or problems, you may contact the Insurance Administrator, **Bollinger Inc. PO Box 1346 Morristown NJ 07962. Telephone Number (973) 383-3110.**

Thank you for your attention to this matter.

Sincerely,

William B. Sabo
Interim Business Administrator
Interim Board Secretary
