I wish to exercise my rights as an 18 year old adult which would allow me to receive all school correspondence and excuse myself from school. When I am exercising my 18 year old privilege to sign out of school early, I understand that I must sign out of school before the period begins or after it has ended and not in between. I understand that I am responsible for all missed work and any classes missed will be considered an unexcused absence.

I understand that because I am claimed by my parents on their income tax, and am financially dependent on them, they will continue to receive all school related correspondence.
